Q: How does the Advocacy PLUS service work?

2. A personal Health Pro® will assist you on healthcare questions and concerns. Most requests are answered within 1 business day. Bill reviews & appeals often take longer, but you'll be updated every step of the way.

NOTE: HIPAA compliance may require an authorization form so your Health Pro® can work on your behalf.

Q: What if I have a large bill, but I was charged properly under my insurance plan?

Answer: Your dedicated Health Pro® will always attempt to work with providers, but can't guarantee that a provider will accept a discounted balance. It's always good to have an impartial expert reviewing your bills and working on your behalf.

Q: What are common situations they typically resolve successfully?

Answer: Many are related to services that have been denied by your plan, or if you used an out-of-network provider that charged you for services.

Q: What does having a bill reviewed entail?

Answer: Health Pros review your medical bills for accuracy – many bills have errors that can be expensive if they are not reviewed and caught by an expert. If errors are found, they can work with the providers to ensure the errors are corrected. They can assist in working out a payment plan with the provider, or research financial aid opportunities, if needed.

Your dedicated Health Pro® will review old and new bills to ensure they were processed correctly. If there are any discrepancies, the Health Pro® will work with whomever they need to in efforts to resolve your bill. This can be a bill that was processed incorrectly, or a situation where a reimbursement is due.

I needed an MRI and knew the prices varied wildly. I called the Advocacy service and asked them to do some research in my local area. I received an email with 3 different locations and the pricing for each. The prices varied from \$450 to over \$1000, I'm really glad I called.

I had a procedure in January 2013. In December 2013, I received a \$1,500 bill I knew wasn't correct... I called the freshbenies Advocacy service who did all the work and called me back a week later to let me know they'd taken care of it and I didn't owe ANYTHING.
